ROBOTFX.ORG

Terms of Service (short version)

- Before using this EA/Indicator, make sure that you have understood how it works and what it can/cannot do
- Before purchasing a live version, make sure that the EA/ Indicator matches your needs and expectations
- By downloading, using and/or purchasing this (or any) RobotFX expert advisor/indicator you automatically agree with our Terms of Service (https://robotfx.org/terms-of-service)

What you get when purchasing a RobotFX product

- A live version that can trade on a maximum of 5 live trading account numbers at any time (any broker) and unlimited demo account numbers, for one trading platform (MT4 or MT5)
- The license products can be changed periodically per customer request or when a new update is released, so the traders do not need to purchase another extended license if they decide to change their live trading accounts (https://robotfx.org/license-change)

Disclaimer

We (RobotFX) cannot be held responsible for any financial losses that might occur as a result of using our products for any given reason, nor will we credit any financial gains. Any trading result if 100% the trader's responsibility and it is reflected by the market conditions and the trader's skills, as well as other factors such as broker's trading server response, network connectivity, the expert advisor/indicators settings and so on.

We do not offer any trading tutorials, lessons, advice, “best settings” etc. If you’re still struggling trading profitably, we suggest you to:

1. Do learn to trade profitably manually before considering automating your trading strategy
2. Do not ever think that you can skip the above step and start making money from trading just by using an expert advisor or following signals from other ‘successful’ traders

Special Offers & Discounts

We'd like to let you know that we have a few discounts to offer at various international or well-known celebrations. These are presented in popups while browsing the site and will display for the entire week of any such event. Additionally, there are other discounts described on https://robotfx.org/discounts
